Daily Bible Reading Schedule

New Testament Chronological

The books of the Bible are not arranged according to the date of events or the date they were written but are grouped together in categories. This Daily Bible Reading schedule leads you to read the New Testament chronologically. Using this plan you will be able to read the New Testament as a historical document that is arranged according to when the events occurred. It will give you an idea of the sequence of events and where the writing of the letters of the New Testament fit in the history of the church. It is difficult to know the exact sequence of events due to the writing styles and purposes of all the writers. For the most part, the sequence of events will follow Luke's gospel and Acts, since he "carefully investigated everything from the beginning" (Luke 1:3). This plan offers some flexibility by allowing you to miss up to 50 days during the year and still finish reading the New Testament by the end of the year. You can miss 4 days per month and still be on target.
